

# CASTOR: shares for employees

[Configure cookies](#)

We achieve our success together, working in partnership in our network organisation and business units. That's why we share our success. That is important to us. This is why we give our employees the opportunity to share in our joint success in concrete terms by acquiring shares in our company through the CASTOR savings programme. The employees are VINCI's largest shareholder. In short: our people are our greatest capital and can therefore share in our capital!

## Profit share

All our employees can participate in our share programme. Our various business units also have their own profit-sharing schemes. The employees can benefit from the component available to them.
